SUMMIT INTRODUCTION

Dear Attendee,

Let me be the first to welcome you to the 5th Annual International Law Enforcement Training Summit, being hosted in Davie, Florida by the dedicated and innovative team at Broward College - Institute of Public Safety.

This will truly be a new conference experience for those who attend - we are going to shake things up. Not only in the type and quality of instruction but by actively demonstrating the skills and concepts that allow you to learn quickly and operate effectively across all phases of your career.

We hand-picked the top instructors from across the US, Canada, and Mexico to deliver actionable, relevant, and defensible training over three action-packed days. Focusing on four (4) key tracks of instruction, to include: Patrol Operations, Advanced Tactics, Leadership Development, and Officer Health and Fitness.

Join us for "Instructor Hours" each day where you get the chance to interact 1-on-1 with subject matter experts. You can also find time to create meaningful and long-lasting friendships while you can decompress at the exclusive ILET Social Night, packed full of live entertainment, food, and prizes.

From our world-exclusive breaching course for patrol officers to our live-fire ranges with integrated tactical medical training, we guarantee you will never find another conference like this one.

ILET Network began in 2020 with the first ILET Summit, hosted exclusively online, and delivered to over 10,000 officers from 78 countries. This now in-person conference, in Florida, is a continuation of our mission to Facilitate and Evolve training across the globe by delivering Engaging and relevant training to Law Enforcement professionals.

I look forward to seeing you in Florida. If you find me wandering the halls between classes, please make sure to stop me and say hi.

Stay safe.

Adam Kinakin
Founder & CEO - ILET Network
